TO WHOM IT MAY CONCERN:

This is to acknowledge that Sara Elizabeth Levy was one of my students in Leadership and Management Course; NUR 395, in Summer 2013. As a student I found Sara very responsible with her academic undertakings. She makes good planning and always prepared in class and participates very well in class discussions; excellent time management.

During this time Sara was dependable and responsible in all the chores assigned to her. The course requires group work in different contemporary issues. She was organized in her assigned tasks and showed diligence in collaborating with her group members to accomplish its goals. Her participation during this venture was extremely appreciated.

Should there be any questions, I could be reached at (718) 780-4127.

Thank you.

Truly yours,

A handwritten signature in black ink, which appears to read "Erlinda N. Dubal". The signature is fluid and cursive.
